TRACK 3

CHILDHOOD AND
ADOLESCENT OBESITY

TRACK 4

MANAGEMENT AND
INTERVENTION

TRACK 5

METABOLIC SURGERY

TEACHING WORKSHOPS

08:30-12:30

Room: Auditorium 1	Room: Auditorium 2	Room: 0.4	Room: 0.5	Room: 0.10	Room: 0.11
	Teaching Session: Addressing Obesity in Children-the Dutch approach 09:00-12:30	IFSO-EC Teaching Session - education and research - advanced techniques - hands on emerging and experimental techniques	Canadian Adult Obesity Management Clinical Practice Guidelines International Adaptation Pilot Project Workshop	EASO Nutrition Working Group Teaching Workshop: Obesity Management in Primary Care; the role of dietitians 08:45-12:00	EASO SAB Masterclass: Metabolic phenotyping in Maastricht 09:00-12:00

COFFEE BREAK

10:15-10:30

MULTIDISCIPLINARY AND TOPIC SESSIONS

12:30-14:00

Room: Auditorium 1	Room: Auditorium 2	Room: 0.4	Room: 0.5	Room: 0.10	Room: 0.11
Multidisciplinary Session: Weight loss in special (Pharmacotherapy) groups	Topic Session: Determinants and predictors of outcome/ Clinical outcome	Accepted Symposium: Meaningful youth engagement – building healthier food and physical activity environments for current and future generations: a symposium of the CO- CREATE project		Topic Session: Role of food environment to obesity prevention 12:30-13:30	Topic Session: Obesity in preschool children: beyond the first 1000 days 12:30-13:30

LUNCH

12:00-12:30

MULTIDISCIPLINARY AND ABSTRACT SESSIONS

14:15-15:45

Room: Auditorium 1	Room: Auditorium 2	Room: 0.4	Room: 0.5	Room: 0.10	Room: 0.11
Topic Session: Timing Matters	EASO PAPFF WG Session: Effect of obesity treatment on Physical fitness and function	T5 Abstract Session: Surgical Techniques		T2 Abstract Session: Mental Health & Stigma	T4 Abstract Session: Medical/Bariatric

COFFEE BREAK/COMMERCIAL EXHIBITION

15:45-16:15

Room: Auditorium 1	Room: Auditorium 2	Room: 0.4	Room: 0.5	Room: 0.10	Room: 0.11
Industry Supported Session - EASO 16:15-17:45	Are you e-Ready? 16:15-17:45				

OPENING PLENARY SESSION

17:45-18:30

Room: Auditorium 1	Room: Auditorium 2	Room: 0.4	Room: 0.5	Room: 0.10	Room: 0.11
The long and winding road to precision medicine: Patients Phenotyping-Now and the Future					
Room: Auditorium 1	Room: Auditorium 2	Room: 0.4	Room: 0.5	Room: 0.10	Room: 0.11
ZOOM FORWARD OPENING CEREMONY 18:30-19:00					
Exhibition Hall	Room: Auditorium 2	Room: 0.4	Room: 0.5	Room: 0.10	Room: 0.11
ZOOM FORWARD WELCOME RECEPTION 19:00-21:00

PLENARY SESSION

08:30-09:15

Room: Auditorium 1	Room: Auditorium 2	Room: 0.4	Room: 0.5	Room: 0.10	Room: 0.11
Towards personalized interventions: balancing (epi)genetics and environmental factors					

TOPIC AND ABSTRACT SESSIONS

09:30-11:00

Room: Auditorium 1	Room: Auditorium 2	Room: 0.4	Room: 0.5	Room: 0.10	Room: 0.11
Topic Session: Obesity management in specific patient groups	Topic Session: Indications for metabolic procedures	Accepted Symposium: The mapping and targeting of non-normative eating behaviours perpetuating obesity		Topic Session: The gut in the control of metabolism	EASO Session: Gaps and opportunities in obesity in adolescents: results from the ACTION Teens global study

COFFEE BREAK/COMMERCIAL EXHIBITION 11:00-11:30

MULTIDISCIPLINARY AND ABSTRACT SESSIONS

11:30-13:00

Room: Auditorium 1	Room: Auditorium 2	Room: 0.4	Room: 0.5	Room: 0.10	Room: 0.11
Multidisciplinary Session: 'All hands on deck' for the treatment of children with obesity	Multidisciplinary Session: Debate in nutrition	T5 Abstract Session: Integrated Health and Bariatric Research		T1: Abstract Session: Tackling Metabolism in Obesity	T4 Abstract Session: Obesity Risk Assessment and Management

POSTERS VIEWING AND LUNCH

13:00-14:45

Room: Auditorium 1	Room: Auditorium 2	Room: 0.4	Room: 0.5	Room: 0.10	Room: 0.11
Industry Supported Session - EASO 13:15-14:45	Industry Supported Session - EASO 13:15-14:45		EASO General Council Meeting	Industry Supported Session - EASO 13:15-14:45	Industry Supported Session - IFSO-EC 13:15-14:45

TOPIC PLENARY SESSIONS

15:00-15:45

Room: Auditorium 1	Room: Auditorium 2	Room: 0.4	Room: 0.5	Room: 0.10	Room: 0.11
Plenary Session: A year in public health		IFSO-EC Best Abstract Session 15:00-16:00			

COFFEE BREAK/COMMERCIAL EXHIBITION 15:45-16:15

ACCEPTED SYMPOSIA

16:15-17:45

Room: Auditorium 1	Room: Auditorium 2	Room: 0.4	Room: 0.5	Room: 0.10	Room: 0.11
T1 Abstract Session: The Liver at the Crossroad of Metabolism	T2 Abstract Session: Policy and Nutrition	T5 Abstract Session: Long Term Results and Complications	Pro's - Con's Session: Current Pro's and Con's in metabolic-bariatric surgery	T3 Abstract Session: Short and Long term Complications of Obesity in Children and Adolescents	T4 Abstract Session: Pharmacotherapy for obesity

PLENARY SESSION

Room: Auditorium 1	Room: Auditorium 2	Room: 0.4	Room: 0.5	Room: 0.10	Poster Hall
A year of advances in obesity in children and adolescents 17:45-18:30			IFSO-EC General Council Meeting 18:00-19:00		Posters Networking Reception: Track 1-2-5 18:00-19:00

PLENARY SESSION 08:30-09:15					
Room: Auditorium 1	Room: Auditorium 2	Room: 0.4	Room: 0.5	Room: 0.10	Room: 0.11
Cellular senescence in white adipose tissue: a therapeutic target to improve health?					
TOPIC AND ABSTRACT SESSIONS - 09:30-11:00					
Room: Auditorium 1	Room: Auditorium 2	Room: 0.4	Room: 0.5	Room: 0.10	Room: 0.11
Topic Session: Sex Matters	Topic Session: Eating disorders among children and adolescents with obesity	Accepted Symposium: Family interventions promoting healthy behaviours in children (0-10 years) to tackle childhood obesity		Topic Session: Settings based approaches to obesity prevention	Topic Session: Optimization of current standard techniques
COFFEE BREAK/COMMERCIAL EXHIBITION - 11:00-11:30					
MULTIDISCIPLINARY AND ABSTRACT SESSIONS - 11:30-13:00					
Room: Auditorium 1	Room: Auditorium 2	Room: 0.4	Room: 0.5	Room: 0.10	Room: 0.11
	T3 Abstract Session: Risk Factors for Obesity in Children and Adolescents	Accepted Symposium: The PhenFlex drink: a mixed-meal challenge test as a new standardized method to quantify health and intervention effects	Topic Session: Revisional Surgery	Topic Session: Systems based approaches to obesity prevention: City-based case studies	Multidisciplinary Plenary Session: Update on Guidelines 11:30-13:15
LUNCH, EXHIBITION AND POSTERS - 13:00-15:00					
Room: Auditorium 1	Room: Auditorium 2	Room: 0.4	Room: 0.5	Room: 0.10	Room: 0.11
Industry Supported Session - EASO 13:30-15:00	Industry Supported Session - EASO 13:15-14:45	EASO Early Career Network Awards Session 14:00-15:00	Topic Session: National Policy on Obesity – From Policy to practice 13:30-15:00	Industry Supported Session - IFSO-EC 13:15-14:45	
TOPIC PLENARY SESSIONS - 15:00-15:45					
Room: Auditorium 1	Room: Auditorium 2	Room: 0.4	Room: 0.5	Room: 0.10	Room: 0.11
How far are we from treating obesity to target? State-of-the-art of anti-obesity medications	Impact of obesity in adolescents and young adults on fertility 15:00-15:30				
COFFEE BREAK/COMMERCIAL EXHIBITION 15:45-16:15					
ABSTRACT SESSIONS 16:15-17:45					
Room: Auditorium 1	Room: Auditorium 2	Room: 0.4	Room: 0.5	Room: 0.10	Room: 0.11
T2 Abstract Session: Behaviour and Lifestyle	T4 Abstract Session: Effects of Obesity Interventions	EASO Early Career Network Best Thesis Award Session		T5 Abstract Session: Predictors and Indications for Metabolic Bariatric Surgery	Young IFSO Session
PLENARY SESSION					
Room: Auditorium 1	Room: Auditorium 2	Room: 0.4	Room: 0.5	Room: 0.10	Poster Hall
Treating side effects and complications after metabolic surgery 17:45-18:30					Posters Networking Reception: Track 3-4-5 18:00-19:00

PLENARY SESSION 08:30-09:15

Room: Auditorium 1	Room: Auditorium 2	Room: 0.4	Room: 0.5	Room: 0.10	Room: 0.11
Panel Discussion on Food Labelling					

TOPIC SESSIONS 09:30-11:00

Room: Auditorium 1	Room: Auditorium 2	Room: 0.4	Room: 0.5	Room: 0.10	Room: 0.11
Topic Session: Tailored dietary interventions	Topic Session: Physical Activity Environments	T1 Abstract Session: Multifaceted Aspects of Obesity		Topic Session: Community and systems approach to reducing obesity in children	Topic Session: Emerging and experimental techniques

COFFEE BREAK/COMMERCIAL EXHIBITION 11:00-11:30

TOPIC AND ABSTRACT SESSIONS 11:30-13:00

Room: Auditorium 1	Room: Auditorium 2	Room: 0.4	Room: 0.5	Room: 0.10	Room: 0.11
Topic Session: The multipotentiality of adipose tissue	Topic Session: Video session	Accepted Symposium: State influences on neural responses to food in overweight and eating disorders		T3 Abstract Session: Treatment and Management of Obesity in Children and Adolescents	Accepted Symposium: SWEET ZOOM. The role of sweeteners for obesity, health, safety, and sustainability

CLOSING PLENARY LECTURE 13:00-14:00

Room: Auditorium 1	Room: Auditorium 2	Room: 0.4	Room: 0.5	Room: 0.10	Room: 0.11
Closing Plenary Lecture: Multidisciplinary Plenary					

Room: Auditorium 1	Room: Auditorium 2	Room: 0.4	Room: 0.5	Room: 0.10	Room: 0.11

08:30-12:30

TEACHING WORKSHOPS

09:00-12:30

Teaching Session: Addressing Obesity in Children - the Dutch approach

ROOM: AUDITORIUM 2

Chairs: Jennifer L Baker (Denmark), Edgar van Mil (Netherlands)

09:00-09:30

Introduction: Integrated Care for children with obesity, from public health to in patient programmes

E van Mil (Netherlands)
B van der Voorn (Netherlands)

09:30-10:00

Amplifying the obesogenic environment: lessons learned from the COVID epidemic

O Abawi (Netherlands)
J Lubrecht (Netherlands)

10:00-10:15

Metabolic associated fatty liver disease in children

ACE Vreugdenhil (Netherlands)

10:15-10:45

Diagnoses & Pharmacotherapy of hypothalamic obesity disorders in children

ELT van den Akker (Netherlands)
M Welling (Netherlands)

10:45-11:15

Coffee Break

11:15-11:30

Intensifying medical Care: bariatric surgery for adolescents with severe obesity

F van Dielen (Netherlands)

11:30-11:45

Clinical Evaluation

G O'Malley (Ireland)
COTF Panel

11:45-12:00

Complications of Childhood Obesity

G O'Malley (Ireland)
COTF Panel

12:00-12:30

Treatment Options

G O'Malley (Ireland)
COTF Panel

4 MAY 2022, **WEDNESDAY**

08:30-12:30	IFSO-EC Teaching Session	ROOM: 0.4
	Chairs: Bruno Dillemans (Belgium), Ralph Peterli (Switzerland)	
08:30-09:00	Best practice RYGB (circular & linear)	<i>B Dillemans (Belgium)</i> <i>E Hazebroek (Netherlands)</i>
09:00-09:30	Best practice Sleeve gastrectomy	<i>L Angrisani (Italy)</i> <i>S Nienhuijs (Netherlands)</i>
09:30-10:00	Best practice OAGB	<i>T Poghosyan (France)</i> <i>M Emous (Netherlands)</i>
10:00-10:30	Best practice SADI and BPD/DS	<i>A Sanchez Pernaute (Spain)</i> <i>R Peterli (Switzerland)</i>
10:30-11:10	Coffee Break	
11:10-11:30	How to establish a metabolic-bariatric surgical program in residency?	<i>R Klaassen (Netherlands)</i>
11:30-11:50	Impact of surgical training on outcome	<i>R Sánchez-Santos (Spain)</i>
11:50-12:10	How to start with metabolic-bariatric surgery as an established surgeon?	<i>B Dillemans (Belgium)</i>
12:10-12:30	How to establish a (dedicated) high volume bariatric-metabolic center?	<i>J Janssen (Netherlands)</i>
08:30-12:30	Canadian Adult Obesity Management Clinical Practice Guidelines International Adaptation Pilot Project Workshop	ROOM: 0.5
	Chair: Ximena Ramos Salas (Sweden)	
08:30-08:40	Welcome and Introductions	<i>M Forhan (Canada)</i>
08:40-08:50	Overview of the Canadian Adult Obesity Clinical Practice Guidelines	<i>S Wharton (Canada)</i>
08:50-09:00	Overview of the International CPG Adaptation Pilot Project	<i>X Ramos Salas (Sweden)</i>
09:00-09:15	What are the different approaches for adapting clinical practice guidelines and how can countries decide which ones to use?	<i>C Ávila (Chile)</i>
09:15-09:30	International Adaptation of the Canadian Adult Obesity Clinical Practice Guidelines: Pilot Project Process & Outcomes	<i>M A S Contreras (Guatemala)</i>
09:30-09:45	The Chilean experience of adapting the Canadian Adult Obesity Clinical Practice Guidelines	<i>Y Preiss (Chile)</i> <i>C Canales (Chile)</i>
09:45-10:00	The Irish experience of adapting the Canadian Adult Obesity Clinical Practice Guidelines	<i>J O'Connell (Ireland)</i> <i>C Breen (Ireland)</i>
10:00-10:15	Questions & Answers	<i>M Forhan (Canada)</i>
10:15-10:30	Break	

Programme continued on next page >>

4 MAY 2022, **WEDNESDAY**

10:30-11:00	Case Study 1: How to use the ADAPTE methodology? Case Study 2: How to use the Adolopment methodology? Panel Discussion: Communications & Dissemination	<i>C Breen (Ireland)</i> <i>C Ávila (Chile)</i>
11:00-11:40	-Public communications -Education to healthcare professionals -Patient engagement	<i>B Hussey (Canada)</i> <i>N Pearce (Canada)</i> <i>I Patton (Canada)</i> <i>S Birney (Ireland)</i>
11:40-11:55	Health system bottlenecks and opportunities for CPG implementation in Canada, Chile and Ireland	<i>V Chee (US)</i>
11:55-12:15	Overview of the Canadian Guidelines for the Management of Obesity in Children and Adolescents	<i>G Ball (Canada)</i> <i>B Johnston (US)</i>
12:15-12:30	Plenary Discussion: International collaboration to implement guidelines and improve access to obesity care	<i>E Woodward (UK)</i>
08:45-12:00	EASO Nutrition Working Group Teaching Workshop: Obesity Management in Primary Care; the role of dietitians Chairs: Maria Hassapidou (Greece), Ellen Govers (Netherlands)	ROOM: 0.10
08:45-09:05	WHO new European report on the burden of overweight and obesity	<i>K Wickramasinghe (Russia)</i>
09:05-09:25	Adults: the role of the dietitian in Combined Lifestyle Interventions (CLI) in primary care in the Netherlands.	<i>E Kips (Netherlands)</i>
09:25-09:45	Importance of the new European dietary obesity guidelines on adults and children.	<i>M Hassapidou (Greece)</i>
09:45-10:00	The role of primary care from a patient point of view.	<i>S Sigurdardottir (Iceland)</i>
10:00-10:15	Discussion about the role of dietitians in primary care in Europe; the position of EFAD.	<i>A van Ginkel-Res (Netherlands)</i>
10:15-10:30	Break	
10:30-10:50	Comparison between the European and the National (Dutch) dietary guidelines for adults.	<i>E Govers (Netherlands)</i>
10:50-11:10	The implementation of the European dietary guidelines for children.	<i>O Androutsos (Greece)</i>
11:10-11:30	How to implement the dietary guidelines into patient care.	<i>H Mulrooney (UK)</i>
11:30-12:00	How can politicians use guidelines to promote obesity management.	<i>J Bowman (Belgium)</i>
09:00-12:00	EASO SAB Masterclass 'Metabolic phenotyping in Maastricht' Chairs: Gema Fruhbeck (Spain), G Goossens (Netherlands)	ROOM: 0.11
09:00-09:20	A precision nutrition strategy in the prevention of chronic metabolic diseases	<i>E Blaak (Netherlands)</i>
09:20-09:50	Investigating tissue-specific substrate metabolism in vivo in humans	<i>G Goossens (Netherlands)</i>
09:50-10:20	Investigating in vitro and in vivo human gut microbial fermentation	<i>E Canfora (Netherlands)</i>
10:20-10:30	Break	
10:30-11:00	Examining inter-organ crosstalk in vitro	<i>J Jocken (Netherlands)</i> <i>R Meex (Netherlands)</i>
11:00-11:30	Magnetic Resonance Imaging and Spectroscopy	<i>V Schrauwen-Hinderling (Netherlands)</i>
11:30-12:00	Microscopical imaging tools to investigate muscle metabolism	<i>M Hesselink (Netherlands)</i>

4 MAY 2022, **WEDNESDAY**

10:15-10:30

COFFEE BREAK

12:30-14:00

MULTIDISCIPLINARY AND TOPIC SESSIONS

12:30-14:00

TS01

Multidisciplinary Session: Weight loss in special (Pharmacotherapy) groups

ROOM: AUDITORIUM 1

Chairs: Hermann Toplak (Austria), Carly Hughes (UK)

12:30-13:00

TS01.01

Anti-obesity medications and bariatric surgery

A Miras (UK)

13:00-13:30

Anti obesity (weight loss) medication and elderly

D Dicker (Israel)

13:30-13:45

TS01.02

Marked weight loss and reduction in appetite with semaglutide 2.4mg weekly subcutaneous injection in a person with monogenic obesity secondary to a MC4R gene mutation

J Makaronidis (UK)

13:45-14:00

TS01.03

Effect of liraglutide 3mg on bodyweight in people with poor weight loss and suboptimal glucagon-like peptide-1 response after metabolic surgery: a randomised double-blind, placebo-controlled trial

R Batterham (UK)

12:30-14:00

Topic Session: Determinants and predictors of outcome/Clinical outcome

ROOM: AUDITORIUM 2

Chairs: Wendy Brown (Australia), Johan Ottosson (Sweden)

12:30-12:45

Registries and how to implement new technology

W Brown (Australia)

12:45-13:00

Can we predict outcome?

A Chaferi (US)

13:00-13:15

Core outcome set in metabolic-bariatric surgery

K Avery (UK)

13:15-13:30

PROM in metabolic-bariatric surgery

C de Vries (Netherlands)

New outcome measures

13:30-13:45

Dutch Textbook Outcome

S Nienhuijs (Netherlands)

13:45-14:00

Swiss-Finnish Outcome Measure

P Salminen (Finland)

12:30-14:00

AS1

Accepted Symposium: Meaningful youth engagement - building healthier food and physical activity environments for current and future generations: a symposium of the CO-CREATE project

ROOM: 0.4

Chair: Knut-Inge Klepp (Norway)

12:30-12:35

Welcome and introduction to the CO-CREATE project

K-I Klepp (Norway)

12:35-12:45

Investing in young people as agents of change for health and well-being

M K Stensdal (Norway)

12:45-12:55

Comparing the views of adolescents in five European countries on the drivers of obesity

N Savona (UK)

12:55-13:05

What are the conditions needed to co-create system-based obesity prevention policy: a cross-national comparison on five European Countries

C Bröer (Netherlands)

13:05-13:55

Panel Discussion

S Nesrallah (Norway)

13:55-14:00

Close of the session

K-I Klepp (Norway)

4 MAY 2022, **WEDNESDAY**

12:30-13:30	TS02	Topic Session: Role of food environment to obesity prevention	ROOM: 0.10
		Chairs: Dana Mullerova (CZE), Joreintje Mackenbach (Netherlands)	
12:30-13:00	TS02.01	Role of the physical environment	<i>L Thornton (Belgium)</i>
13:00-13:15	TS02.03	Mapping primary school food systems to enable development of sustainable and feasible system-wide improvements to food provision: The CONNECTS-Food system map	<i>M Bryant (UK)</i>
13:15-13:30	TS02.04	Strength of European level policies and priority recommendations to create healthy food environments to prevent obesity and diet-related non-communicable diseases	<i>S K Djojosoeparto (Netherlands)</i>
12:00-12:30		LUNCH	
12:30-13:30	TS03	Topic Session: Obesity in preschool children: beyond the first 1000 days	ROOM: 0.11
		Chairs: Jennifer L Baker (Denmark), Eva Corpeleijn (Netherlands)	
12:30-13:00	TS03.02	Ages 2 to 7 years as a window of opportunity	<i>T Westergren (Norway)</i>
13:00-13:15	TS03.03	Early detection of childhood overweight and related complications in a Danish population-based cohort aged 2-8 years	<i>C Frithioff-Bøjsøe (Denmark)</i>
13:15-13:30	TS03.04	Parental views on the acceptability and feasibility of measurement tools used to assess movement behaviours of pre-school children: a qualitative study	<i>S M Phillips (UK)</i>
14:15-15:45		MULTIDISCIPLINARY AND ABSTRACT SESSIONS	
14:15-15:45	TS04	Topic Session: Timing Matters	ROOM: AUDITORIUM 1
		Chairs: Evert van Schothorst (Netherlands), Patrick Schrauwen (Netherlands)	
14:15-14:45	TS04.01	The molecular circadian clock and tissue-specific responses to exercise	<i>B Gabriel (UK)</i>
14:45-15:15	TS04.02	Chrononutrition to combat obesity-related complications	<i>C M Peterson (US)</i>
15:15-15:30	TS04.03	Run for your live(r): Exercise training at different times of day differentially modulates hepatic inflammation in early NAFLD	<i>A Kovynev (Netherlands)</i>
15:30-15:45	TS04.04	Effects of sleep manipulation on markers of insulin sensitivity: a systematic review and meta-analysis of randomized controlled trials	<i>J S Quist (Denmark)</i>
14:15-15:45		EASO PAPFF WG Session: Effect of obesity treatment on Physical fitness and function	ROOM: AUDITORIUM 2
		Chairs: Grace O'Malley (Ireland), Jean-Michel Oppert (France)	
14:15-14:35		Effects of exercise training on physical fitness in adults with overweight/obesity: interventions to address specific health outcomes?	<i>M v Baak (Netherlands)</i>
14:35-14:55		Assessment of physical activity and physical fitness in children and adolescents with overweight/obesity: how and why?	<i>D Thivel (France)</i>
14:55-15:05		Physical activity counselling in practice: understanding the patient perspective	<i>M Murphy (Ireland)</i>
15:05-15:15		Physical activity counselling in practice: the health professional perspective	<i>JM Oppert (France)</i>
15:15-15:45		Discussion	

4 MAY 2022, **WEDNESDAY**

14:15-15:45	T5 Abstract Session: Surgical Techniques	ROOM: 0.4
	Chairs: Jerome Dargent (France), Moritz Felsenreich (Austria)	
14:15-14:25	Predictive Factors for Gastroesophageal Reflux Disease after Conversion from Sleeve Gastrectomy to gastric bypass (ID 42)	<i>R Caiazza (France)</i>
14:25-14:35	Outcome of revisional procedures up to 14 years after sleeve gastrectomy: a single-center experience (ID 67)	<i>A S Dirnberger (Switzerland)</i>
14:35-14:45	Surgical aspects of sleeve gastrectomy are related to total weight loss and gastro-oesophageal reflux symptoms at 2 years postoperatively (ID 59)	<i>H Lyyjynen (Norway)</i>
14:45-14:55	The Association of Helicobacter Pylori, Eradication and Early Complications of Laparoscopic Sleeve Gastrectomy (ID 61)	<i>A Abu Abeid (Israel)</i>
14:55-15:05	Conversion of vertical banded gastroplasty to Roux-en-Y gastric bypass: a retrospective comparison of laparoscopic vs. open conversion (ID 37)	<i>K van Dam (Netherlands)</i>
15:05-15:15	The Benefits of Banded over Non-Banded Roux-en-Y Gastric Bypass in Patients with Morbid Obesity: a multi-center study (ID 31)	<i>M Jense (Netherlands)</i>
15:15-15:25	Serious adverse events related to omega gastric bypass with 2 meters biliopancreatic limb at 10 years: a prospective observational multicentric study (ID 40)	<i>R Caiazza (France)</i>
15:25-15:35	Acid reflux is common in patients with gastroesophageal reflux disease after one-anastomosis gastric bypass (ID 20)	<i>T Poghosyan (France)</i>
15:35-15:45	Long-term outcome after biliopancreatic diversion type duodenal switch: a single-center experience with up to 20 years follow-up (ID 29)	<i>J Süssstrunk (Switzerland)</i>
14:15-15:45	AD01 T2 Abstract Session: Mental Health & Stigma	ROOM: 0.10
	Chair: Jason Halford (UK), Ximena Ramos-Salas (Sweden)	
14:15-14:30	AD01.01 Exploring patients' lived experiences with bariatric surgery stigma	<i>FK Garcia (Netherlands)</i>
14:30-14:45	AD01.02 Mental health, food insecurity, loneliness, and health-related behaviours; the continued impact of the COVID-19 pandemic on UK adults living with obesity	<i>A Brown (UK)</i>
14:45-15:00	AD01.03 Association between anxiety and eating behaviors in patients with obesity	<i>A Acosta (US)</i>
15:00-15:15	AD01.04 The OBESTIGMA study: an assessment of obesity discrimination and weight bias in Spain	<i>A Lecube (Spain)</i>
15:15-15:30	AD01.05 Perceived weight-related stigma, loneliness, and mental wellbeing during COVID-19 in people with obesity: A cross-sectional study from ten European countries	<i>R A Jones (UK)</i>
15:30-15:45	AD01.06 "Is it time to throw out the weighing scales?" Implicit weight bias among healthcare professionals working in UK bariatric services and their attitude towards non-weight focused approaches	<i>S Abbott (UK)</i>

4 MAY 2022, WEDNESDAY

14:15-15:45	AD02	T4 Abstract Session: Medical/Bariatric	ROOM: 0.11
		Chairs: Luca Busetto (Italy), Paulina Salminen (Finland)	
14:15-14:30	AD02.01	Increased plasma and lingual uroguanylin contributes to changes in food preference after sleeve gastrectomy	<i>A Rodríguez (Spain)</i>
14:30-14:45	AD02.02	Risk of Fractures and Osteoporosis following Roux-en Y gastric bypass and Sleeve gastrectomy: A Danish population-based Cohort Study	<i>L A Winkelmann (Denmark)</i>
14:45-15:00	AD02.03	Pancreatic uptake of radiolabeled exendin-4 as measure for beta cell mass in patients with obesity and type 2 diabetes undergoing gastric bypass surgery	<i>L Deden (Netherlands)</i>
15:00-15:15	AD02.04	Lower Postprandial Hyperinsulinemic Hypoglycemia like Symptoms may help Identify Patients with Lower Post-Bariatric Late Dumping Syndrome: a Retrospective Observational Study	<i>G Rossini (Italy)</i>
15:15-15:30	AD02.05	Usability of the myfood24 healthcare app in tier 3 weight management and gastroenterology surgery patients: a feasibility randomised controlled trial	<i>J Cade (UK)</i>
15:30-15:45	AD02.06	The impact of bariatric surgery on intestinal microbiota in patients with severe obesity: 12 month follow-up	<i>A Ciudin (Spain)</i>
15:45-16:15		COFFEE BREAK/COMMERCIAL EXHIBITION	EXHIBITION HALL
16:15-17:45		INDUSTRY SUPPORTED SESSION - 1 / EASO	ROOM: AUDITORIUM 1
		Further information will be available via the Zoom Forward 22 website	
16:15-17:45		ARE YOU E-READY?	ROOM: AUDITORIUM 2
		Chairs: Juan Pujol Rafols (Spain), Ronald Liem (Netherlands)	
16:15-16:30		Introduction; E-health and bariatrics the perfect dance partner Digital platforms to track and improve the outcomes of your bariatric patients and how to implement them in your practice.	<i>J Pujol Rafols (Spain)</i>
16:30-16:45		Get Ready Go Further Be patient	<i>V Bruni (Italy) M Kurian (US) T Lafullarde (Belgium)</i>
16:45-17:00		Sensors, wearables, Artificial Intelligence... What does digital technology offer for patient's monitoring?	<i>S Nienhuijs (Netherlands)</i>
17:00-17:15		The future of e-health in training and education	<i>S Purkayastha (UK)</i>
17:15-17:30		A glimpse of the FUTURE, Digital Health as an integral part of obesity treatment	<i>N Müller (Germany)</i>
17:30-17:45		Debate	
17:45-18:30		OPENING PLENARY SESSION	
17:45-18:30		The long and winding road to precision medicine: Patients Phenotyping - Now and the Future	ROOM: AUDITORIUM 1
		Chairs: Gijs Goossens (Netherlands), Ronald Liem (Netherlands)	
		The long and winding road to precision medicine: Patients Phenotyping - Now and the Future	<i>R Batterham (UK)</i>
18:30-19:00		ZOOM FORWARD OPENING CEREMONY	ROOM: AUDITORIUM 1
19:00-21:00		ZOOM FORWARD WELCOME RECEPTION	EXHIBITION HALL

PL1

Towards Personalized Interventions:
Balancing Genetics and Environmental Factors

R Loos (Denmark)

09:30-11:00

TOPIC AND ABSTRACT SESSIONS

09:30-11:00

TS06

Topic Session: Obesity management in specific patient groups

ROOM: AUDITORIUM 1

Chairs: Marwan El Ghoch (Lebanon/Italy), Karen Freijer (Netherlands)

09:30-10:00

TS06.01

Diagnostic criteria for sarcopenic obesity

L Donini (Italy)

10:00-10:30

TS06.02

What treatment and for what outcome

R Barazzoni (Italy)

10:30-10:45

TS06.03

Body Mass Index and Weight Reductions in Patients With Obesity Due to Heterozygous Variants in POMC, PCSK1, and LEPR After 1 Year of Setmelanotide

J Miller (UK)

10:45-11:00

TS06.04

Metformin in the management of antipsychotic-induced weight gain in adults with psychosis: Development of the first evidence-based guideline using GRADE methodology

I Fitzgerald (Ireland)

09:30-11:00

Topic Session: Indications for metabolic procedures

ROOM: AUDITORIUM 2

Chairs: Francesco Rubino (UK), Karin Dolezalova (CZE)

09:30-09:50

Is BMI still a credible measure to determine eligibility for surgery?

C Le Roux (Ireland)

09:50-10:10

How to introduce Class I Obesity with T2DM as an indication for surgery in a Healthcare System and how to get patient referrals?

M Bueter (Switzerland)

10:10-10:30

NAFLD/NASH

F Pattou (France)

10:30-11:00

Discussion

5 MAY 2022, **THURSDAY**

09:30-11:00	AS2	Accepted Symposium: The mapping and targeting of non-normative eating behaviours perpetuating obesity	ROOM: 0.4
		Chair: Anita Jansen (Netherlands)	
09:30-09:35		Introduction	<i>A Jansen (Netherlands)</i>
09:35-09:55		Prospective associations between mood, emotion regulation, and binge eating	<i>J Svaldi (Germany)</i>
09:55-10:15		Beating the Binge: the role of cognitions in binge eating behaviour	<i>L Lemmens (Netherlands)</i>
10:15-10:35		Prognostic significance of non-normative eating behaviours for weight loss and quality of life over six years after obesity surgery	<i>A Hilbert (Germany)</i>
10:35-10:55		Effective mapping and targeting of non-normative eating behaviours: the state of the art	<i>A Jansen (Netherlands)</i>
10:55-11:00		Closing	<i>A Jansen (Netherlands)</i>
09:30-11:00	TS05	Topic Session: The gut in the control of metabolism	ROOM: 0.10
		Chairs: Ellen Blaak (Netherlands), Anne Raben (Denmark)	
09:30-10:00	TS05.01	Gut microbiota in obesity: impact on peripheral metabolism	<i>N Delzenne (Belgium)</i>
10:00-10:30	TS05.02	Bottom Up Control of Appetite	<i>G Schwartz (US)</i>
10:30-10:45	TS05.03	Gut microbiome profiling in tissue-specific insulin resistance: A cross-sectional analysis of the PERSON study	<i>K M Jardon (Netherlands)</i>
10:45-11:00	TS05.04	The striatal response to intra-gastric infusion of glucose and lipid is severely impaired in humans with obesity and is not reversed by diet-induced weight loss	<i>K A Van Galen (Netherlands)</i>
09:30-11:00		EASO Session: Gaps and opportunities in obesity in adolescents: results from the ACTION Teens global study	ROOM: 0.11
		Chair: Jason Halford (UK)	
09:30-09:40		Introduction	<i>J Halford (UK)</i>
09:40-09:50		Study rationale and methodology	<i>F Fernandez-Aranda (Spain)</i>
09:50-10:05		Study results	<i>C Maffeis (Italy)</i>
10:05-10:15		Interpretation and discussion	<i>L Baur (Australia)</i>
10:15-10:25		Independent commentary - HCP angle	<i>J-C Holm (Denmark)</i>
10:25-10:35		Independent commentary - PLWO angle	<i>K Voynikov (Bulgaria)</i>
10:35-11:00		Q&A and panel discussion	

5 MAY 2022, **THURSDAY**

11:00-11:30		COFFEE BREAK/COMMERCIAL EXHIBITION	EXHIBITION HALL
11:30-13:00		MULTIDISCIPLINARY AND ABSTRACT SESSIONS	
11:30-13:00	TS07	Multidisciplinary Session: 'All hands on deck' for the treatment of children with obesity Chairs: Grace O'Malley (Ireland), Jens-Christian Holm (Denmark)	ROOM: AUDITORIUM 1
11:30-12:00	TS07.01	Dutch National Model Integrated care for childhood overweight and obesity	<i>E van Mil (Netherlands)</i>
12:00-12:30	TS07.02	Medical options for treatment: GLP-1 agonists	<i>A Kelly (US)</i>
12:30-13:00	TS07.03	Metabolic-bariatric surgery in Children and Adolescents	<i>T Olbers (Sweden)</i>
11:30-13:00	TS08	Multidisciplinary Session: Debate in nutrition Chairs: Ellen Govers (Netherlands), Giovanna Muscogiuri (Italy)	ROOM: AUDITORIUM 2
11:30-12:00	TS08.01	The potential benefits of low carb diets	<i>M Glandt (Israel)</i>
12:00-12:30	TS08.02	The potential benefits of intermittent fasting	<i>E Ravussin (US)</i>
12:30-12:45	TS08.03	Volatile organic compounds (VOC) as a marker of poor-quality diets: a pilot study in UK adults	<i>S L Wilson Barnes (UK)</i>
12:45-13:00	TS08.04	A double-blinded, randomized, parallel, intervention study to investigate biomarker-based nutrition plans for weight loss in Danish Adults: The Empowering consumers to PREVENT diet-related diseases through OMICS sciences (PREVENTOMICS) study	<i>M A Aldubayan (Denmark)</i>
11:30-13:00		T5 Abstract Session: Integrated Health and Bariatric Research Chairs: Eric Hazebroek (Netherlands), Bart van Wagenveld (Netherlands)	ROOM: 0.4
11:30-11:40		The association of a decrease in fat-free mass after bariatric surgery with handgrip strength and cardiorespiratory fitness (ID 82)	<i>R v d Meer (Netherlands)</i>
11:40-11:50		Healthcare utilization and expenditures in patients with type 2 diabetes after bariatric surgery: a matched cohort study comparing bariatric surgery with non-surgical treatment (ID 7)	<i>V Montpellier (Netherlands)</i>
11:50-12:00		Medical and social determinants of undergoing bariatric surgery: is the population most at need operated? (ID 30)	<i>V Montpellier (Netherlands)</i>
12:00-12:10		The association between intestinal microbiome, obesity and cognitive functions in the elderly: the effect of regular exercise (ID 79)	<i>P Forišek Paulová (Slovakia)</i>
12:10-12:20		Data-driven subgroups of type 2 diabetes, metabolic response and renal risk profile after bariatric surgery (ID 3)	<i>V Raverdy (France)</i>
12:20-12:30		Physical activity, dietary intake and fat-free mass loss up to 3 months post-bariatric surgery: preliminary findings from the PANDA study (ID 50)	<i>M Nuijten (Netherlands)</i>
12:30-12:40		Comparative study exploring the dynamic process of an eating episode, food preferences and eating behavior in adult women with morbid obesity and after bariatric surgery (ID 66)	<i>A Dougkas (France)</i>
12:40-12:50		Nutritional Status and Supplement Intake during Pregnancy after Bariatric Surgery: A Prospective Cohort Study (ID 81)	<i>L Heusschen (Netherlands)</i>
12:50-13:00		Pregnancy outcomes following metabolic surgery: A single-centre cohort study investigating the effect of procedure type and surgery-to-conception interval on maternal and neonatal outcomes (ID 72)	<i>J Makaronidis (UK)</i>

5 MAY 2022, **THURSDAY**

11:30-13:00	AD03	T1: Abstract Session: Tackling Metabolism in Obesity	ROOM: 0.10
		Chairs: Gema Fruhbeck Martínez (Spain), Gijs Goossens (Netherlands)	
11:30-11:45	AD03.01	The effect of SGLT2 inhibitor dapagliflozin on substrate metabolism in humans with prediabetes	<i>A Veelen (Netherlands)</i>
11:45-12:00	AD03.02	G3PP /PGP: a novel calorie restriction mimetic enzyme that promotes healthy aging via the AMPK-TFEB-Autophagy axis	<i>E Possik (Canada)</i>
12:00-12:15	AD03.03	Quantifying metabolic resilience; getting the most out of your challenge test data	<i>S O'Donovan (Netherlands)</i>
12:15-12:30	AD03.04	The central and peripheral effects of dopamine D2 receptor agonist therapy in patients with type 2 diabetes	<i>J van Son (Netherlands)</i>
12:30-12:45	AD03.05	South Asian overweight type 2 diabetes patients have higher circulating mRNA and protein levels involved in the interferon signaling pathway compared to Europeans	<i>M E Straat (Netherlands)</i>
12:45-13:00	AD03.06	Assessment of the bi-directional relationship between blood mitochondrial DNA copy number and type 2 diabetes mellitus: a multivariable-adjusted Mendelian Randomization study	<i>W Wang (Netherlands)</i>
11:30-13:00	AD04	T4 Abstract Session: Obesity Risk Assessment and Management	ROOM: 0.11
		Chair: Albert Lecube (Spain)	
11:30-11:45	AD04.01	Cardiovascular risk reduction independently associated with lifestyle changes beyond associations with obesity and insulin-resistance reduction during the 3-year PREVIEW lifestyle study	<i>M W Plantenga (Netherlands)</i>
11:45-12:00	AD04.02	Monocyte alterations in individuals with obesity after a 75 week lifestyle intervention	<i>E van Der Valk (Netherlands)</i>
12:00-12:15	AD04.03	Cardiopulmonary Exercise Test in Edmonton Obesity Staging System	<i>S Bettini (Italy)</i>
12:15-12:30	AD04.04	Effects of exercise, liraglutide, or both combined on glucose tolerance and β -cell function after diet-induced weight loss in adults with obesity: a randomised, placebo-controlled study	<i>S B K Jensen (Denmark)</i>
12:30-12:45	AD04.05	Sarcopenic obesity in morbidly obese patients <60 years old: prevalence and diagnostic methods	<i>M Comas (Spain)</i>
12:45-13:00	AD04.06	Validation of ultrasound to measure lean mass in a population with obesity: a prospective cross-sectional study	<i>D Sizoo (Netherlands)</i>
13:00-14:45		POSTERS VIEWING AND LUNCH	EXHIBITION HALL
13:15-14:45		INDUSTRY SUPPORTED SESSION - 2 / EASO	ROOM: AUDITORIUM 1
		<i>Further information will be available via the Zoom Forward 22 website</i>	
13:15-14:45		INDUSTRY SUPPORTED SESSION - 3 / EASO	ROOM: AUDITORIUM 2
		<i>Further information will be available via the Zoom Forward 22 website</i>	
13:15-14:45		INDUSTRY SUPPORTED SESSION - 4 / EASO	ROOM: 0.10
		<i>Further information will be available via the Zoom Forward 22 website</i>	
13:15-14:45		INDUSTRY SUPPORTED SESSION - 1 / IFSO-EC	ROOM: 0.11
		<i>Further information will be available via the Zoom Forward 22 website</i>	

5 MAY 2022, **THURSDAY**

15:00-15:45		TOPIC PLENARY SESSIONS	
15:00-15:45	PL2	Plenary Session: A year in public health	ROOM: AUDITORIUM 1
		Chairs: Janas Harrington (Ireland), Jaap Seidell (Netherlands)	
15:00-15:20	PL2.01	Co-creation and Community Engagement in Obesity Prevention and Treatment	<i>M Chin A Paw (Netherlands)</i>
15:20-15:40	PL2.02	Digital Technology Approaches to Prevention and Treatment of Obesity	<i>R Crutzen (Netherlands)</i>
15:40-15:45		Q&A	
15:00-16:00		IFSO-EC Best Abstract Session	
		Chairs: Jean-Marc Chevallier (France), Ronald Liem (Netherlands)	ROOM: 0.4
15:00-15:10		AMOS2: Two-Year Outcomes After Bariatric surgery or Intensive Treatment in Adolescents with Severe Obesity –a Randomized Clinical Trial (ID 89)	<i>K Järholm (Sweden)</i>
15:10-15:20		Impact of bariatric surgery on brain structure and function. The BARICO study (ID 45)	<i>E Custers (Netherlands)</i>
15:20-15:30		Predicting severe complication risks after bariatric surgery: External validation of the Michigan Bariatric Surgery Collaborative prediction model using the Dutch Audit for Treatment of Obesity (ID 41)	<i>E Akpinar (Netherlands)</i>
15:30-15:40		The impact of a combined nutritional-behavioural tele-counselling and supervised exercise intervention on weight loss and health outcomes following bariatric surgery: The BARI-LIFESTYLE randomised controlled trial (ID 36)	<i>F Jassil (UK)</i>
15:40-15:50		Bariatric surgery may impair fertility in men independently of sex hormone profile, vitamin deficiencies or baseline gonadal and sexual functions (ID 43)	<i>R Caizzo (France)</i>
15:50-16:00		Best abstracts evaluation and winner announcement	

5 MAY 2022, **THURSDAY**

15:45-16:15

COFFEE BREAK/COMMERCIAL EXHIBITION

EXHIBITION HALL

16:15-17:45

ACCEPTED SYMPOSIA

16:15-17:45

AD05

T1 Abstract Session: The Liver at the Crossroad of Metabolism

ROOM: AUDITORIUM 1

Chair: Ruth Meex (Netherlands)

16:15-16:30

AD05.01

NAFLD activity score correlates with waist circumference and circulating amino acids in patients living with severe obesity

I M Payette (Canada)

16:30-16:45

AD05.02

Selective inhibition of DHCR24 ameliorates hepatic steatosis and inflammation through LXRA without inducing hyperlipidemia

P Rensen (Netherlands)

16:45-17:00

AD05.03

Impact of impaired glucose regulation on hepatic and systemic inflammation in men with non-alcoholic fatty liver disease

S Malaikah (Saudi Arabia)

17:00-17:15

AD05.04

The effect of weight-loss on whole-body and tissue-specific insulin sensitivity and intrahepatic lipid content and composition - a SWEET sub-study

M D Pang (Netherlands)

17:15-17:30

AD05.05

Effect of a low compared to a high glycemic index and saturated fat diet on liver fat and substrate metabolism

J M Basset Sagarmiraga (Netherlands)

17:30-17:45

Discussion

16:15-17:45

AD06

T2 Abstract Session: Policy and Nutrition

ROOM: AUDITORIUM 2

Chairs: Teodora Handjieva-Darlenska (Bulgaria), Niamh Arthurs (Ireland)

16:15-16:30

AD06.01

Front of pack labels and objective understanding of product healthiness: Findings from an Online Randomised-Controlled Experiment in a Representative British Sample

J Packer (UK)

16:30-16:45

AD06.02

Effectiveness and Policy Determinants of Sugar-Sweetened Beverage Taxes

L L Hageaars (Netherlands)

16:45-17:00

AD06.03

Portion size estimation in dietary assessment: a systematic review of existing tools, limits and strengths

O M Torres (Mexico)

17:00-17:15

AD06.04

Joint association of alcohol consumption and adiposity with alcohol and obesity-related cancer in a population sample of 399,575 UK adults

E Inan Eroglu (Australia)

17:15-17:30

AD06.05

Mediterranean diet is inversely associated to fatty liver index in patients with obesity and low HDL-cholesterol

A Leone (Italy)

17:30-17:45

AD06.06

Development of a stand-alone diet quality index for elementary school-aged children

E Koivuniemi (Finland)

5 MAY 2022, **THURSDAY**

16:15-17:45	T5 Abstract Session: Long Term Results and Complications	ROOM: 0.4
	Chairs: Marloes Emous (Netherlands), Ralph Peterli (Switzerland)	
16:15-16:25	The risk of esophageal and gastric cancer after bariatric surgery in a large national cohort (ID 9)	<i>T Poghosyan (France)</i>
16:25-16:35	Management of Gallstone Disease prior to and after Metabolic Surgery: A single-center observational study (ID 6)	<i>A Susanna Dirnberger (Switzerland)</i>
16:35-16:45	Gastric pouch emptying is faster in patients with gastro-intestinal complaints versus controls after Roux-en-Y gastric bypass (ID 108)	<i>Y Burgh (Netherlands)</i>
16:45-16:55	Fatigue as a long-term consequence of Roux-en-Y gastric bypass (ID 35)	<i>J Sandvik (Norway)</i>
16:55-17:05	Long-term weight loss, remission of comorbidities, food tolerance and quality of life (QoL) modifications after sleeve gastrectomy (SG) and one anastomosis gastric bypass (OAGB) (ID 64)	<i>G Navarra (Italy)</i>
17:05-17:15	Medical treatment of PostBariatric Hypoglycemia (PBH): retrospective data from daily practice (ID 22)	<i>L de Heide (Netherlands)</i>
16:15-17:45	Pro`s - Con`s Session: Current Pro's and Con's in metabolic-bariatric surgery	ROOM: 0.5

The biological underpinnings of body fat distribution

F Karpe (UK)

10:00-10:30

TS10.02

Sex-differences in metabolic pathophysiology

F Mauvais-Jarvis (US)

10:30-10:45

TS10.03

Age and sex influence body composition and cardiometabolic benefits of a 3-year lifestyle intervention - data from the PREVIEW study

A Raben (Denmark)

10:45-11:00

TS10.04

Chronotype and Gender: what does it occur in obesity?

G de Alteriis (Italy)

09:30-11:00

TS11

Topic Session: Eating disorders among children and adolescents with obesity

ROOM: AUDITORIUM 2

Chair: Britt Wang Jensen (Denmark), Anne Roefs (Netherlands)

09:30-10:10

Rapid and pronounced clinical improvement in patients with Anorexia Nervosa upon treatment with human recombinant leptin

J Hebebrand (Germany)

10:10-10:50

Does treating obesity in children lead to eating disorders?

D Wilfely (US)

10:50-11:00

Discussion

6 MAY 2022, FRIDAY

09:30-11:00	AS3	Accepted Symposium: Family interventions promoting healthy behaviours in children (0-10 years) to tackle childhood obesity	ROOM: 0.4
		Chair: Jessica Gubbels (Netherlands)	
09:30-09:35		Opening	<i>J Gubbels (Netherlands)</i>
09:35-09:50	AS3.01	An app-based parenting program (Samen Happiel!) to promote healthy energy-balanced related parenting practices in early childhood: Process, effectiveness, and lessons learned	<i>LT Karssen (Netherlands)</i>
09:50-10:05	AS3.02	Increasing parental involvement in SuperFIT to promote healthy energy balance-related behaviours in young children	<i>LSE Harms (Netherlands)</i>
10:05-10:20	AS3.03	Move ARound and Get Active: co-creating an intervention to optimize 24-hour movement behaviours in pre-schoolers with overweight	<i>M Decraene (Belgium)</i>
10:20-10:35	AS3.04	Familie+- real-word implementation of a school-and-family based obesity prevention program in primary schools in Germany	<i>A Ziegeldorf (Germany)</i>
10:35-11:00		Discussion	
09:30-11:00	TS09	Topic Session: Settings based approaches to obesity prevention	ROOM: 0.10
		Chairs: Snezana Polovina (Serbia), Stef Kremers (Netherlands)	
09:30-10:00	TS09.01	School-based health promotion	<i>G Buijs (France)</i>
10:00-10:30	TS09.02	Hospital-based health promotion	<i>N de Vries (Netherlands)</i>
10:30-10:45	TS09.03	"Fruit Heroes® - Healthy School Snack": Results from a school-based intervention targeting the promotion of fruit consumption	<i>R Martins (Portugal)</i>
10:45-11:00	TS09.04	'Turning the Tide' - development of an independent long-term healthy weight strategy for the UK	<i>C Cerny (UK)</i>
09:30-11:00		Topic Session: Optimization of current standard techniques	ROOM: 0.11
		Chairs: Maurizio De Luca (Italy), Vinod Menon (UK)	
09:30-09:45		Pouch size in RYGB	<i>E Hazebroek (Netherlands)</i>
09:45-10:00		Limb Length in OAGB	<i>K Mahawar (UK)</i>
10:00-10:15		The EEJ	<i>T Olbers (Sweden)</i>
10:15-10:30		Banded Sleeve	<i>J Fink (Germany)</i>
10:30-10:45		Nissen-Sleeve	<i>D Nocca (France)</i>
10:45-11:00		Panel discussion	<i>A Torres (Spain) J Himpens (Belgium) G Prager (Austria)</i>

6 MAY 2022, **FRIDAY**

11:00-11:30 **COFFEE BREAK/COMMERCIAL EXHIBITION** **EXHIBITION HALL**

11:30-13:00 **MULTIDISCIPLINARY AND ABSTRACT SESSIONS**

11:30-13:00 **AD09 T3 Abstract Session: Risk Factors for Obesity in Children and Adolescents** **ROOM: AUDITORIUM 2**

Chairs: Tanja Vrijkotte (Netherlands), Grace O'Malley (Ireland)

11:30-11:45 AD09.01 Promoting vegetable acceptance in toddlers using a contingency management program: a cluster randomised trial *B v Belkom (Netherlands)*

11:45-12:00 AD09.02 The new normal? Changes in children's obesity-related behaviours between the first and second Covid-19 waves: A three-country qualitative study *P Nowicka (Sweden)*

12:00-12:15 AD09.03 Associations between parental and child's physical activity and dietary intake: The role of parental involvement and child's sex *T Vrijkotte (Netherlands)*

12:15-12:30 AD09.04 The majority of food & beverage cues promoted by German-speaking influencers on TikTok, Instagram, and YouTube are nutritionally poor and not disclosed as advertising *M Wakolbinger (Austria)*

12:30-12:45 AD09.05 Association between sleep pattern during COVID-19 lockdown and body weight changes in adolescents *M Mayer (Argentina)*

12:45-13:00 AD09.06 The association of cannabis use with fast-food consumption, overweight, and obesity among adolescents aged 12-15 years from 28 countries *E Romano (UK)*

11:30-13:00 **AS4 Accepted Symposium: The PhenFlex drink: a mixed-meal challenge test as a new standardized method to quantify health and intervention effects** **ROOM: 0.4**

Chairs: Wilrike Pasman (Netherlands), Karin Bosch (Netherlands)

11:30-12:00 The concept and use of phenotypic flexibility in nutrition intervention studies *S Wopereis (Netherlands)*

12:00-12:15 Analysis of phenotypic flexibility as an innovative method in nutrition research *M Muller (UK)*

12:15-12:30 Metabolic phenotypes towards diabetes: implications for precision nutrition *E Blaak (Netherlands)*

12:30-12:45 Considerations on the PhenFlex challenge test as a suitable method for health claim applications in Europe *I Tetens (Denmark)*

12:45-13:00 Panel discussion *W Pasman (Netherlands)*

11:30-13:00 **Topic Session: Revisional Surgery** **ROOM: 0.5**

Chairs: Jan Wilem Greve (Netherlands), Karl Miller (Austria)

11:30-11:50 Marginal ulcer and Internal herniation *M Suter (Switzerland)*

11:50-12:10 Leaks *R Ribeiro (Portugal)*

12:10-12:30 Non-responders, weight regain and disease progression *A García Ruiz de Gordejuela (Spain)*

12:30-12:50 Benchmark outcomes in revisional metabolic-bariatric surgery *M Bueter (Switzerland)*

6 MAY 2022, **FRIDAY**

11:30-13:00	TS12	Topic Session: Systems based approaches to obesity prevention: City-based case studies	ROOM: 0.10
		Chairs: Nathalie Farpour-Lambert (Switzerland), Janas Harrington (Ireland)	
11:30-12:00	TS12.01	Amsterdam	<i>W Waterlander (Netherlands)</i>
12:00-12:30	TS12.02	WHO Healthy Cities Cork, Ireland	<i>D Cahill (Ireland)</i>
12:30-12:45	TS12.03	Whole Systems Approaches to Healthy Weight and Diet across eight local authorities in Scotland: key learning	<i>N Smith (Scotland)</i>
12:45-13:00	TS12.04	The promise of natural experiments and triangulation of evidence: lessons from the evaluation of school-based obesity prevention program Lekker Fit!	<i>F J M Mölenberg (Netherlands)</i>
11:30-13:15	PL5	Multidisciplinary Session: Update on Guidelines	ROOM: 0.11
		Chair: Volkan Yumuk (Turkey)	
11:30-11:45	PL5.01	Clinical impact of the concept of obesity as an ABCD	<i>J Mechanick (US)</i>
11:45-12:00	PL5.02	What's new in the Canadian Clinical Practice Guidelines	<i>A Sharma (Canada)</i>
12:00-12:15	PL5.03	EASO medical nutrition therapy recommendations	<i>M Hassapidou (Greece)</i>
12:15-12:30	PL5.04	ERABS 2021 update	<i>E Stenberg (Sweden)</i>
12:30-12:45	PL5.06	Post-bariatric body contouring surgery / Body-Q	<i>A Pusic (US)</i>
12:45-13:00	PL5.07	MDT approach to screening, indication and follow-up	<i>V Yumuk (Turkey)</i>
13:00-13:15	PL5.08	What else do we need?	<i>L Busetto (Italy)</i>
13:00-15:00	LUNCH, EXHIBITION AND POSTERS VIEWING		POSTER HALL
13:15-14:45	INDUSTRY SUPPORTED SESSIONS - 5 / EASO		ROOM: AUDITORIUM 2
	<i>Further information will be available via the Zoom Forward 22 website</i>		
13:30-15:00	INDUSTRY SUPPORTED SESSIONS - 6 / EASO		ROOM: AUDITORIUM 1
	<i>Further information will be available via the Zoom Forward 22 website</i>		
13:15-14:45	INDUSTRY SUPPORTED SESSION - 2 / IFSO-EC		ROOM: 0.10
	<i>Further information will be available via the Zoom Forward 22 website</i>		

6 MAY 2022, FRIDAY

14:00-15:00	EASO Early Career Network Awards Session	ROOM: 0.4
	Chairs: ECN Board	
14:00-14:05	Welcome from the ECN Board	
14:05-14:15	ECN Award in Public Health	<i>E Inan-Eroglu (Germany)</i>
14:15-14:25	ECN Award in Childhood Obesity Research	<i>M Hudda (UK)</i>
14:25-14:35	ECN Award in Basic Science	<i>A Izquierdo (Spain)</i>
14:35-14:45	ECN Award in Clinical Research	<i>J Quist (Denmark)</i>
14:45-14:55	Questions for the Award Winners	
14:55-15:00	Engagement in the ECN Network	

13:30-15:00	Topic Session: National Plans on Obesity - From Policy to practice	ROOM: 0.5
	Chair: Pernille Weiss, MEP (<i>Chair of the European Parliamentarian Interest Group on Obesity and Health System Resilience</i>)	
13:30-13:45	Welcome and opening remarks <i>Pernille Weiss, MEP (EPP-Denmark), Antonius MANDERS, MEP (EPP-Netherlands)</i>	
13:45-14:00	Setting the context: State of Play for Obesity National Plans across the Region <i>Jacqueline Bowman-Busato (Belgium)</i>	
14:00-15:00	Fishbowl Discussion <i>Pernille Weiss, MEP (EPP-Denmark)</i> <i>Julianne Williams (WHO)</i> <i>Alina Constantin (France)</i> <i>Antonius MANDERS, MEP (EPP-Netherlands)</i> <i>Liesbeth van Rossum (Netherlands)</i> <i>Grace O'Malley (Ireland)</i>	

15:00-15:45 TOPIC PLENARY SESSIONS

15:00-15:45	PL6	How far are we from treating obesity to target? State-of-the-art of anti-obesity medications	ROOM: AUDITORIUM 1
		Chairs: Dror Dicker (Israel), Bart Van der Schueren (Belgium)	
15:00-15:20		Panel Discussion	<i>D Dicker (Israel)</i>
15:20-15:40		Panel Discussion	<i>J Wilding (UK)</i>
15:40-15:45		Q&A	

15:00-15:30	PL7	Impact of obesity in adolescents and young adults on fertility	ROOM: AUDITORIUM 2
		Chairs: Nathalie Farpour-Lambert (Switzerland), Erica van den Akker (Netherlands)	
15:00-15:20	PL7.02	Impact of obesity in adolescents on fertility	<i>R Reynolds (UK)</i>
15:20-15:30		Q&A	

6 MAY 2022, **FRIDAY**

15:45-16:15

COFFEE BREAK/COMMERCIAL EXHIBITION

EXHIBITION HALL

16:15-17:45

ABSTRACT SESSIONS

16:15-17:45

AD10

T2 Abstract Session: Behaviour and Lifestyle

ROOM: AUDITORIUM 1

Chair: Janas Harrington (Ireland)

16:15-16:30

AD10.01

Psychological phenotypes in morbid obesity

O Aydin (Netherlands)

16:30-16:45

AD10.02

{“Forever young at the table”}: slow eating at lunch and dinner to prevent dyslipidaemia in obesity

L Verde (Italy)

16:45-17:00

AD10.03

Lifestyle interventions for reducing gestational weight gain in women with overweight or obesity: an overview of systematic reviews

F J Fair (UK)

17:00-17:15

AD10.04

COVID-19: Lifestyle habits during the pandemic in Italy

Y M Khazrai (Italy)

17:15-17:30

AD10.05

Obesity management and prevention through the foundation of an innovative platform to support persons with obesity: STOP Portal, feasibility study

A Moorhead (Ireland)

17:30-17:45

AD10.06

Motivators, barriers, and facilitators for weight loss and weight maintenance in the pre-conception period among Danish women with overweight and obesity, who plan to become pregnant

M L Pico (Denmark)

16:15-17:45

AD11

T4 Abstract Session: Effects of Obesity Interventions

ROOM: AUDITORIUM 2

Chairs: Gema Fruhbeck (Spain), Davor Stimac (Croatia)

16:15-16:30

AD11.05

Two-year effect of semaglutide 2.4 mg vs placebo in adults with overweight or obesity: STEP 5

R Batterham (UK)

16:30-16:45

AD11.01

Smartphone derived body composition and anthropometry for tracking weight loss

M K Smith (Australia)

16:45-17:00

AD11.02

Recruiting and engaging women of reproductive age with obesity: a mixed-methods Study Within A Trial (SWAT)

S L Killeen (Ireland)

17:00-17:15

AD11.03

Lowering branched-chain amino acid levels in patients with type 2 diabetes by sodium-phenylbutyrate improves insulin sensitivity

F Vanweert (Netherlands)

17:15-17:30

AD11.04

Plasma levels of GDF15 increase in response to acute exercise in individuals with overweight or obesity but is unaffected by exercise training

J S Quist (Denmark)

17:30-17:45

AD11.06

Long-term Psychological Stress is Associated with Lower FGF-21 Levels in Patients with Obesity

S Kuckuck (Netherlands)

6 MAY 2022, **FRIDAY**

16:15-17:45	EASO Early Career Network Best Thesis Award Session Chairs: ECN Board	ROOM: 0.4
16:15-16:20	Welcome from the ECN Board	
16:20-16:40	Best Thesis Candidate 1	<i>M Bramming (Denmark)</i>
16:40-17:00	Best Thesis Candidate 2	<i>R Jones (UK)</i>
17:00-17:20	Best Thesis Candidate 3	<i>L Tully (Ireland)</i>
17:20-17:40	Presentation: Details to be announced	
17:40-17:45	Engagement in the ECN Network Announcement of the winner of the EASO ECN Best Thesis award 2022	
16:15-17:45	T5 Abstract Session: Predictors and Indications for Metabolic Bariatric Surgery Chair: Maurizio De Luca (Italy)	ROOM: 0.10
16:15-16:25	"Do we have appropriate non-invasive markers to evaluate liver disease in morbidly obese people candidates for BS?" & "Can we assess the contribution of inflammatory events to impaired liver function in morbidly obese patients?" (ID 112 + ID 115)	<i>T Pintar (Slovenia)</i>
16:25-16:35	Genetic variants associated with weight loss and metabolic outcomes after bariatric surgery: a systematic review (ID 73)	<i>R van der Meer (Netherlands)</i>
16:35-16:45	Easy to use and interpretable model based on artificial intelligence for predicting 5-year weight trajectories after bariatric surgery (ID 101)	<i>P Saux (France)</i>
16:45-16:55	The Cleveland Clinic Behavioral Rating System does not predict weight loss after bariatric surgery (ID 19)	<i>A Jacobs (Netherlands)</i>
16:55-17:05	Predictors of psychological functioning after bariatric surgery (ID 12)	<i>P Dijkhorst (Netherlands)</i>
17:05-17:15	A Systematic Review of Bariatric Surgery in Patients with Obesity and Type 1 Diabetes Mellitus (ID 90)	<i>S Appel (UK)</i>
17:15-17:25	The Need for Objective Physical Activity Measurements in Routine Bariatric Care (ID 91)	<i>E Kuipers (Netherlands)</i>
17:25-17:35	Improved weight loss a decade after Roux-en-Y gastric bypass in patients attending a postoperative education program in groups (ID 24)	<i>J Sandvik (Norway)</i>
17:35-17:45	Getting back on track: experiences of patients and interdisciplinary teams with an intervention for weight regain after bariatric surgery (ID 77)	<i>V Voorwinde (Netherlands)</i>

6 MAY 2022, **FRIDAY**

16:15-17:45

Young IFSO Session

ROOM: 0.11

Chairs: Moritz Felsenreich (Austria), Roxanna Zakeri (UK)

16:15-16:30

Targeting ghrelin to maximise bariatric surgery outcomes: A randomised, double-blind, placebo-controlled crossover study of ghrelin o-acyltransferase inhibition in people with suboptimal weight loss after bariatric surgery

R Zakeri (UK)

16:30-16:45

The importance of language in the treatment of obesity

A Sudlow (UK)

16:45-17:00

Revisional Surgery After One Anastomosis Bypass: An Italian Multi-institutional Survey

A Vitiello (Italy)

17:00-17:10

Impact of preoperative weight loss on postoperative weight loss revealed from a large nationwide quality registry (ID 85)

Y Lodewijks (Netherlands)

17:10-17:20

Impact of NASH on early postoperative outcomes after bariatric surgery (ID 109)

P Bauvin (France)

17:20-17:30

Laparoscopic Roux-en-Y Gastric Bypass in ambulatory care setting: results of 400 patients (ID 13)

S Kleipool (Netherlands)

17:30-17:45

Discussion

17:45-18:30

PLENARY SESSION

17:45-18:30

Treating side effects and complications after metabolic surgery

ROOM: AUDITORIUM 1

Chairs: Mikael Wirén (Sweden), Cynthia Borg (UK)

17:45-18:00

Chronic pain

T Mala (Norway)

18:00-18:15

Motility disorders

M Fox (Switzerland)

18:15-18:30

Post bariatric psychiatric disorders and addiction

C Leue (Netherlands)

18:00-19:00

EASO Posters Networking Reception: Tracks 3 and 4

POSTER HALL

Guided Posters: Tracks 3

Chairs: Cilius Fonvig (Denmark), Erica van den Akker (Netherlands)

Guided Posters: Tracks 4

Chairs: Wilrike Pasman (Netherlands), Jean O'Connell (Ireland)

18:00-19:00

IFSO-EC Posters Networking Reception: Track 5

POSTER HALL

Poster Session II

7 MAY 2022, **SATURDAY**

08:30-09:15

PLENARY SESSION

08:30-09:15

PL8

Plenary Session: Panel Discussion on Food Labelling

ROOM: AUDITORIUM 1

Chairs: Johanna Ralston (US), Mette Svendsen (Norway)

PL8.01
PL8.03
PL8.04

Panel discussion

J Seidell (Netherlands)
N Gokani (UK)
C Julia (France)

09:30-11:00

TOPIC SESSIONS

09:30-11:00

TS14

Topic Session: Tailored dietary interventions

ROOM: AUDITORIUM 1

Chairs: Cathy Breen (Ireland), Maria Hassapidou (Greece)

09:30-10:00

TS14.01

Whole grains, gut microbiota and health - Time to get personal?

R Landberg (Sweden)

10:00-10:30

TS14.02

Different responses to dietary fat in relation to cardiovascular disease

J Lovegrove (UK)

10:30-11:00

TS14.03

Elective, non-bariatric surgery in adult patients with obesity: can preoperative dietary interventions improve surgical outcomes?

S Griffin (Australia)

09:30-11:00

TS15

Topic Session: Physical Activity Environments

ROOM: AUDITORIUM 2

Chairs: Marleen van Baak (Netherlands), Jean-Michel Oppert (France)

09:30-10:00

TS15.01

Role of the physical environment as a determinant of obesity

N d Braver (Netherlands)

10:00-10:30

TS15.02

The role of policy

C Woods (Ireland)

10:30-10:45

TS15.03

Domain of physical activity matters for risk of type 2 diabetes

J v d Velde (Netherlands)

10:45-11:00

TS15.04

The Impact of COVID-19 on Eating and Physical Activity Behaviors and Body Weight: International Weight Control Registry

T K Chui (US)

7 MAY 2022, **SATURDAY**

09:30-11:00	AD12	T1 Abstract Session: Multifaceted Aspects of Obesity	ROOM: 0.4
		Chairs: Kirsi Pietiläinen (Finland), Johan Jocken (Netherlands)	
09:30-09:45	AD12.01	Deleterious effect of high-fat diet on skeletal muscle performance is prevented by high-protein intake in adult rats but not in old rats	<i>E Poggiogalle (Italy)</i>
09:45-10:00	AD12.02	Dietary improvement during lactation normalizes the expression levels of miR-26a, miR-222 and miR-484 and some target genes in the mammary gland of obese rats at weaning	<i>C A Pomar (Spain)</i>
10:00-10:15	AD12.03	Association of Microvascular Changes and Neuroretinal Thinning with Obesity in An Older Population in Southern Italy: a Machine Learning Approach	<i>L Lampignano (Italy)</i>
10:15-10:30	AD12.04	Supplementation with Highly Esterified Pectin (HEP) as a reversal factor for cardiovascular risk associated with perinatal metabolic malprogramming	<i>S Galmés (Spain)</i>
10:30-10:45	AD12.05	Distinct associations of plasma methionine and cysteine with regional fat distribution: CODAM and The Maastricht study	<i>E C Tore (Netherlands)</i>
10:45-11:00	AD12.06	Impact of baseline fat depots cellularity on bariatric surgery success	<i>S Ledoux (France)</i>
09:30-11:00	TS13	Topic Session: Community and systems approach to reducing obesity in children	ROOM: 0.10
		Chairs: Mary Nicolaou (Netherlands), Knut-Inge Klep (Norway)	
09:30-10:00	TS13.01	Healthy primary schools for the future: A systems approach school-based intervention	<i>O v Schayck (Netherlands)</i>
10:00-10:30	TS13.02	Safe digital environments for children	<i>E Boyland (UK)</i>
10:30-10:45	TS13.03	Nutrition and physical activity policy environments in five European countries: lessons from the CO-CREATE project	<i>I Vlad (UK)</i>
10:45-11:00	TS13.04	Exploring the application of computational system dynamics models to support community-based whole-of-system approaches to childhood obesity	<i>L Crielaard (Netherlands)</i>
09:30-11:00		Topic Session: Emerging and experimental techniques	ROOM: 0.11
		Chairs: Christine Stier (Germany), Bernd Schultes (Switzerland)	
09:30-09:40		Why are there so many different procedures? What do we try to solve? Steps of research?	<i>G Prager (Austria)</i>
09:40-09:50		Endoscopic gastric plications	<i>N Bouvy (Netherlands)</i>
09:50-10:00		Gastric Artery Embolization	<i>M Fried (CZE)</i>
10:00-10:10		Bariclip	<i>P Noël (UAE)</i>
10:10-10:20		Duodeno-Jejunal Bypass Liner	<i>R Caiazzo (France)</i>
10:20-10:30		Duodenal mucosal ablation	<i>J Devière (Belgium)</i>
10:30-10:40		Functional Laparoscopic Roux-en-Y Gastric Bypass with Fundectomy and Gastric Remnant Exploration	<i>M A Zappa (Italy)</i>
10:40-10:50		A novel approach to glycemic control in type 2 diabetes mellitus, partial jejunal diversion	<i>K Dolezalova (CZE)</i>
10:50-11:00		Discussion	

7 MAY 2022, **SATURDAY**

11:00-11:30

COFFEE BREAK/COMMERCIAL EXHIBITION

EXHIBITION HALL

11:30-13:00

TOPIC AND ABSTRACT SESSIONS

11:30-13:00

TS16

Topic Session: The multipotentiality of adipose tissue

ROOM: AUDITORIUM 1

Chairs: Jorn Sagen (Norway), Patrick Rensen (Netherlands)

11:30-12:00

TS16.01

The gut-brown fat-bran axis in the control of food intake

M Klingspor (Germany)

12:00-12:30

TS16.02

The impact of lipolysis on adipose tissue thermogenesis in humans

D Blondin (Canada)

12:30-12:45

TS16.03

Systemic and abdominal subcutaneous adipose tissue immune cells are associated with liver but not with muscle insulin resistance in people with overweight and obesity

I Trouwborst (Netherlands)

12:45-13:00

TS16.04

The adipose stromal/stem cells in the context of the adiponiche in patients with obesity and metabolic complications before and after weight loss

G Milan (Italy)

11:30-13:00

Topic Session: Video session

ROOM: AUDITORIUM 2

Chairs: Sylvia Weiner (Germany), Nasser Sakran (Israel)

11:30-11:40

Laparoscopic small bowel length measurement in bariatric surgery using a hand-over-hand technique with marked graspers: an ex vivo experiment (ID 1)

N Slagter (Netherlands)

11:40-11:50

Primary Obesity Surgery Endoscopic 2.0 procedure combined with lifestyle coaching: experiences in a bariatric center (ID 5)

I Palm-Meinders (Netherlands)

11:50-12:00

The swallowable intragastric balloon: a safe and effective weight loss treatment for people suffering from overweight and obesity (ID 32)

M Jense (Netherlands)

12:00-12:10

Postprandial pouch, gallbladder and gastric remnant volume visualized with MRI in patients after Roux-en-Y Gastric Bypass surgery (ID 111)

Y Burgh (Netherlands)

12:10-12:20

Roux-en-Y versus One Anastomosis Gastric Bypass as Redo-Operations following Sleeve Gastrectomy - A single center retrospective study with 123 patients (ID 88)

K P Rheinwald (Germany)

12:20-12:30

Mediastinal abscess 9 years after Roux-en-Y gastric bypass (ID 110)

S Viskens (Belgium)

12:30-12:40

Intraoperative diagnosis of Taeniosis during One anastomosis/Mini-gastric bypass (OAGB/MGB) for morbid obesity (ID 49)

A Vitiello (Italy)

12:40-12:50

Refractory reflux and gastroparesis in type I diabetes patient after sleeve gastrectomy (ID 95)

M Vandeputte (Belgium)

12:50-13:00

Atypical obstruction after Gastric Banding (ID 92)

S Van Hoef (Belgium)

7 MAY 2022, **SATURDAY**

11:30-13:00	AS5	Accepted Symposium: State influences on neural responses to food in overweight and eating disorders	ROOM: 0.4
		Chair: Anne Roefs (Netherlands)	
11:30-11:50	AS5.01	Effects of mindset / appraisal on (brain) response to food	<i>A Horstmann (Finland)</i>
11:50-12:10	AS5.02	State influences on neural responses to food in overweight and eating disorders: an EEG study with individuals with anorexia nervosa and bulimia nervosa	<i>K Eichin (Austria)</i>
12:10-12:30	AS5.03	Effects of mindset on hormonal responding, neural representations, subjective experience and intake	<i>S Franssen (Netherlands)</i>
12:30-12:50	AS5.04	Mindset matters: attentional focus - not body-weight - determines the level of food-related brain activity	<i>L Pimpini (Netherlands)</i>
12:50-13:00		Panel Discussion	<i>A Roefs (Netherlands)</i>
11:30-13:00	AD13	T3 Abstract Session: Treatment and Management of Obesity in Children and Adolescents	ROOM: 0.10
		Chairs: Anita Vreugdenhil (Netherlands), Jens-Christian Holm (Denmark), Paulina Nowicka (Sweden)	
11:30-11:45	AD13.04	Comparison of a multidisciplinary lifestyle intervention between children and adolescents with severe obesity	<i>K v d Pas (Netherlands)</i>
11:45-12:00	AD13.01	High success rates of a telemedicine-based intensive treatment program for children with obesity	<i>G D Raz (Israel)</i>
12:00-12:15	AD13.02	Determinants of dropout and compliance of children participating in a multidisciplinary intervention programme for overweight and obesity in socially deprived areas in the Netherlands	<i>H Hassan (Netherlands)</i>
12:15-12:30	AD13.03	Age of onset of obesity and childhood BMI trajectories in rare genetic obesity disorders	<i>O Abawi (Netherlands)</i>
12:30-12:45	AD13.05	Neonatal Anthropometrics and Obesity Treatment Response in Children and Adolescents	<i>L A Holm (Denmark)</i>
12:45-13:00	AD13.06	A systematic review of clinical practice guidelines for the management of childhood obesity	<i>L Tully (Ireland)</i>

7 MAY 2022, **SATURDAY**

11:30-13:00	AS6	Accepted Symposium: SWEET ZOOM. The role of sweeteners for obesity, health, safety, and sustainability	ROOM: 0.11
		Chairs: Anne Raben (Denmark), Ellen Blaak (Netherlands)	
11:30-11:40	AS6.01	A SWEET start. Project overview and status on the long-term clinical trial	<i>A Raben (Denmark)</i>
11:40-11:50	AS6.02	Development of Sugar Reduced Foods using Sweeteners and Sweetness Enhancers for use in Human Clinical Trials and Accompanying Health Impact and Technological Databases - the SWEET project.	<i>C Scott (Belgium)</i>
11:50-12:00	AS6.03	Impact on food intake, metabolism and gastro-intestinal symptoms after acute consumption of beverages containing plant-based or alternative sweeteners. Results of the SWEET Beverages trial.	<i>E A Roig (Spain)</i>
12:00-12:10	AS6.04	Free sugar intake and guideline adherence by British children from the Gemini cohort and the National Diet and Nutrition Survey: the SWEET project (WP4)	<i>L Heggie (UK)</i>
12:10-12:20	AS6.05	SWEET sustainability ¹ - early insights on the Life Cycle Sustainability Assessment (LCSA) of sweeteners	<i>J Suckling (UK)</i>
12:20-12:30	AS6.06	Identification of risk and benefit communication of sweeteners and sweetness enhancers (S&SEs) in the UK and Spanish media - the SWEET project	<i>M Raats (UK)</i>
12:30-13:00		Panel Discussion	
13:00-14:00	PL9	Closing Plenary Lecture: Multidisciplinary Plenary	ROOM: AUDITORIUM 1
		Chairs: Jean-Marc Chevallier (France), Jason Halford (UK)	
13:00-13:25	PL9.01	Energy expenditure and body composition through the life course; Lessons from doubly labelled water	<i>K Westerterp (Netherlands)</i>
13:25-13:50	PL9.02	Obesity, NAFLD and Surgery	<i>F Pattou (France)</i>
13:50-14:00		Discussion	
14:00-14:30		CLOSING REMARKS	ROOM: AUDITORIUM 1
